NOTICE

Date- 05-07-2023

Dear Faculty Members,

We are pleased to announce an upcoming webinar titled “**Climate Change & Its Impact on Biodiversity,**” which will be held on 07-07-2023. This informative session aims to provide valuable insights into the effects of climate change on global biodiversity and the importance of conservation efforts.

Details of the Webinar:

- **Topic:** Climate Change & Its Impact on Biodiversity
- **Date:** 07-07-2023
- **Time:** 10am to 11am
- **Platform:** Google meet
- **Speaker:** Dr. Ruchi Sharma

We look forward to your active participation in this important event.

Best regards,

Principal

Report on Webinar on Climate change & its impact on Biodiversity

Date- 07-07-2023

Organizing Department – Department of Zoology

No. of Participants – 39

Resource Person – Dr. Ruchi Sharma

Coordinator Name – Dr. Sunita Bedwal

Brief report

The recent webinar on Climate Change and Its Impact on Biodiversity provided a comprehensive overview of the intricate relationship between climate change and ecological systems. Key topics included the alteration of habitats, changes in species distribution, and the cascading effects on biodiversity. The webinar also emphasized the urgent need for adaptive strategies and conservation efforts to mitigate these impacts. The engaging presentation and subsequent discussion highlighted the critical role of interdisciplinary research and proactive measures in addressing the challenges posed by climate change on global biodiversity.

Outcome

The webinar on Climate Change and Its Impact on Biodiversity effectively illuminated the intricate relationship between climate change and ecological systems. The webinar highlighted urgent challenges and underscored the need for proactive conservation strategies and sustainable practices to mitigate adverse effects. Attendees gained valuable insights into the role of climate change in altering biodiversity and were encouraged to integrate these perspectives into their research and professional practices. Overall, the webinar successfully enhanced understanding and sparked meaningful discussions on addressing the intersection of climate change and biodiversity.

NOTICE

Date- 03-08-2023

Dear Faculty Members,

We are excited to announce a seminar on titled “**Advance in Cell Biology and Cytogenetic: Unraveling the Complexity of Cellular Function and Genetic Variation**” which will be held on 05-08-2023 at 10-11 am. This course aims to offer an in-depth knowledge of the diversity of cellular systems and genetic variants that affect organismal biology.

Details of the Seminar:

- **Topic:** Advance in Cell Biology and Cytogenetic
- **Date:** 05-08-2023
- **Time:** 10am to 11am
- **Speaker :** Dr. Pooja Jangir

We look forward to your active participation in this important event.

Report on Advances in Cell Biology and Cytogenetic: Unraveling the Complexity of Cellular Function and Genetic Variation

Date- 05-08-2023

Organizing Department – Department of Botany

No. of Participants – 35

Resource Person – Dr. Pooja Jangir

Coordinator Name – Dr. Anita

Event venue – Seminar Hall

Brief report

The recent seminar on "Advances in Cell Biology and Cytogenetic: Unraveling the Complexity of Cellular Function and Genetic Variation" provided a comprehensive overview of the latest research and developments in these fields. Key topics included recent discoveries in cellular signaling pathways, innovations in cytogenetic techniques, and their implications for diagnosing and treating genetic disorders. The seminar also emphasized the importance of integrating cell biology and cytogenetic to address complex biological questions and enhance therapeutic strategies. Overall, the seminar significantly contributed to our knowledge and appreciation of cellular and genetic complexities, fostering a deeper understanding of their role in health and disease.

Conclusion

This seminar will offer a detailed overview of the latest advancements in cell biology and cytogenetic, addressing both fundamental concepts and cutting-edge research. It will be valuable for a wide range of participants, including researchers, students, and professionals in the fields of biology and medicine.

Dear Faculty Members,

We are pleased to announce a seminar on **Sequences and Series**, which will be held on 14-09-2023. This seminar is organized as part of our ongoing efforts to foster professional development and knowledge sharing among our faculty. This seminar aims to provide an in-depth understanding of the fundamental concepts and applications of sequences and series in mathematics.

Details of the Seminar:

- **Topic: Sequences and Series**
- **Date: 14-09-2023**
- **Time: 1pm to 2pm**
- **Venue: Seminar Hall**
- **Speaker : Dr. Sanjana Kumari Yadav**

We look forward to your active participation in this important event.

Report of Seminar on Sequences and Series

Date- 14-09-2023

Organizing Department – Department of Mathematics

No. of Participants - 25

Resource Person – Dr. Sanjana Kumari Yadav

Coordinator Name – Ms. Pooja Sharma

Event venue – Seminar Hall

Brief report

The seminar "Sequences and Series" presented a thorough survey of essential ideas in mathematics relating to sequences and series. The program aims to improve participants' knowledge of these important mathematical concepts and their applications in a variety of industries.

Conclusion

Finally, the Seminar on Sequences and Series offered useful insights into the underlying principles and applications of these mathematical objects. The conversations and lectures improved our comprehension and demonstrated their application to a variety of disciplines of study. Attendees had a better understanding of sequences and series, as well as their importance in addressing complicated issues.

Report on seminar on exploring the frontiers of particle physics

Date- 03-10-2023

Organizing Department – Department of Physics

No. of Participants -20

Resource Person – Dr. P S Yadav

Coordinator Name – Ms. Simran Sain

Event venue – Seminar Hall

Brief report

The seminar on “Exploring the Frontiers of Particle Physics: Recent Advances and Future Directions”. The seminar covered the current state of high-energy physics, focusing on the recent discoveries, experiments, and theoretical advancements. The seminar attracted researchers, faculty, and students interested in the subject. The key points discussed are such as

- Recent Discoveries in Particle
- Physics Advances in Theoretical
- Physics Experimental Techniques
- and Technology Future Direction

Conclusion

P S Yadav concluded his talk by emphasizing the importance of international collaboration and investment in high-energy physics research. He encouraged young scientists to pursue careers in this field and contribute to solving some of the most profound mysteries of the universe.

Brief report

A seminar titled "Bharat ka Savidhan: Kal, Aaj, Aur Kal" was recently organized for college faculty members, focusing on the evolution, current relevance, and future implications of the Indian Constitution. The event highlighted the historical context of the constitution's drafting, emphasizing its foundational principles like justice, equality, and liberty. Experts discussed its adaptability to modern challenges, particularly in governance, law, and rights. Faculty members were encouraged to reflect on how constitutional values can be integrated into education, fostering informed and responsible citizens. The session concluded with a lively discussion on constitutional reforms and their potential impact on India's future trajectory.

Conclusion

The seminar provided a comprehensive exploration of the Indian Constitution, tracing its historical evolution, current relevance, and future prospects. Faculty members engaged in insightful discussions on the foundational values of justice, equality, and liberty embedded in the Constitution, and how these principles have shaped India's socio-political landscape over time. The seminar emphasized the need for educators to instill constitutional values in students, fostering an informed and responsible citizenry. As the country faces emerging challenges, the role of the Constitution in safeguarding democratic ideals remains as crucial today as ever, urging continuous reflection and adaptation.

Report on Webinar on Effect of Global warming

Date- 15-12-23

Organizing Department – Department of Zoology

No. of Participants – 38

Resource Person – Dr. Akhilesh Mittal

Coordinator Name – Dr. Sunita Bedwal

Brief report

The recent webinar on the Effect of Global Warming provided college faculty with an in-depth overview of the pressing challenges posed by climate change. The speakers highlighted key environmental impacts, including rising global temperatures, melting polar ice, and more frequent extreme weather events such as hurricanes and droughts. Additionally, the webinar emphasized the socio-economic repercussions, particularly in vulnerable regions where agriculture, water resources, and human health are increasingly threatened. Experts urged educators to integrate climate science into curricula, promote sustainable practices on campus, and encourage interdisciplinary research to devise local solutions to mitigate global warming's effects. The session concluded with a call for collective action and policy advocacy to address this urgent global issue.

Conclusion

The webinar on the effects of global warming provided valuable insights into the pressing challenges posed by climate change, particularly for educators and institutions. The session highlighted the importance of understanding global warming's impacts on environmental, economic, and social systems. Faculty members were encouraged to integrate climate change awareness into their teaching curricula to foster sustainability consciousness among students. The discussions emphasized the role of academic institutions in driving research, innovation, and action to mitigate global warming's effects. By fostering collaboration, education, and proactive measures, the academic community can contribute significantly to addressing this global crisis.

Date- 08-01-2024

Organizing Department – Department of Sociology

No. of Participants -33

Resource Person – Dr. Sneha Kumawat

Coordinator Name – Ms. Pooja Choudhary

Event venue – Seminar Hall

Brief report

A seminar on "Social Inequality" was held for the faculty, addressing critical issues related to disparities in society. The session began with an introductory speech by expert who highlighted the persistent inequalities based on class, gender, caste, and economic status. The speaker discussed the various dimensions of social inequality, including its causes, impact on marginalized communities, and its implications on education, employment, and health. Faculty members engaged in discussions on the role of institutions, policies, and social reforms in mitigating these inequalities. The seminar emphasized the need for inclusive growth and the importance of creating awareness to promote social justice. Overall, the seminar proved to be an enlightening experience, offering valuable insights for the faculty to incorporate in their teaching and research practices, and fostering a deeper understanding of the need for equity and inclusion in society.

Conclusion

The seminar on Social Inequality provided valuable insights into the multifaceted nature of inequality in society, exploring its various dimensions including economic disparity, caste, gender, and education. The discussions highlighted the persistent issues that continue to affect marginalized communities and the systemic barriers they face. Faculty members actively participated, sharing their perspectives and discussing potential solutions to mitigate inequality through policy changes, education, and social awareness. It was emphasized that as educators, we play a crucial role in shaping inclusive mindsets and fostering environments that promote equity and justice. The seminar concluded with a call to action, urging all participants to contribute to addressing social inequality in both their professional and personal capacities.

Date- 27-01-2024

Organizing Department – Department of History

No. of Participants - 42

Resource Person – Dr. Kailash Gurjar

Coordinator Name – Mr. Kanhaiya

Event venue – Seminar Hall

Brief report

A seminar on the "**Cultural Contribution of Swami Vivekananda**" was recently organized for the faculty of our college, shedding light on the profound influence Vivekananda had on Indian society and global thought. Faculty members engaged in discussions about how Vivekananda emphasized the unity of all religions, the importance of self-confidence, and the revival of Indian cultural pride. His ideas on education, morality, and illustrating their relevance in today's socio-cultural context. The event inspired faculty to reflect on integrating these timeless values into contemporary education and society, ensuring that Vivekananda's vision continues to guide future generations.

Conclusion

In conclusion, Swami Vivekananda's cultural contributions remain profoundly relevant for academic discussions, especially for faculty in colleges. His vision of education as a means to develop the mind, spirit, and character is a guiding principle for educators today. Swami Vivekananda's emphasis on harmony, inclusiveness, and universal brotherhood inspires a deeper understanding of diversity, fostering a culture of tolerance and respect. His teachings on self-reliance and inner strength encourage educators to empower students not just with knowledge, but with values that shape responsible, global citizens. As faculty members, embracing these ideals can enrich educational environments and enhance the holistic development of students.

Date- 02-02-2024

Organizing Department – Department of Commerce

No. of Participants -35

Resource Person – Dr. Ankush Agarwal

Coordinator Name – Dr. Payoj Raj Singh

Event venue – Seminar Hall

Brief report

A seminar titled "Digital Transformation in Banking: Opportunities & Challenges" was held for the faculty, focusing on the significant changes and advancements in the banking sector driven by digital technologies. The session highlighted the transformative impact of digital platforms, such as mobile banking, artificial intelligence, block chain, and big data analytics, in enhancing banking efficiency and customer experience. Speakers emphasized the vast opportunities for innovation, improved service delivery, and financial inclusion that digitalization brings. However, the seminar also addressed the challenges, such as cyber security risks, regulatory hurdles, and the need for up skilling the workforce to adapt to new technologies. Discussions underscored the importance of balancing technological advancements with data privacy and security, while fostering a culture of continuous learning in the banking industry. Faculty members engaged in insightful discussions, recognizing the critical role of digital transformation in reshaping the future of banking.

Conclusion

The seminar on *Digital Transformation in Banking: Opportunities & Challenges* highlighted the pivotal role of technology in reshaping the banking sector. Faculty members gained insights into how digital innovations, such as mobile banking, artificial intelligence, and block chain, are enhancing customer experience, operational efficiency, and financial inclusion. However, the discussions also emphasized the significant challenges that come with this transformation, including cyber security risks, regulatory compliance, and the need for up skilling the workforce. The seminar concluded with a consensus that while digital transformation offers immense opportunities, a balanced approach focusing on security, adaptability, and innovation is crucial for sustainable progress in the banking industry.

Report on Advancements in Genomics and Their Impact on Personalized Medicine"

Date- 17-02-2024

Organizing Department – Department of Zoology

No. of Participants -29

Resource Person – Dr. Mukesh Sharma

Coordinator Name – Dr. Ayesha Badar

Event venue – Seminar Hall

Brief report

The seminar will delve into the latest advancements in genomics and explore how these innovations are transforming personalized medicine. Attendees will gain insights into cutting-edge genomic technologies, their applications in tailored healthcare, and the future of genetic research.

Conclusion

This topic will not only highlight the latest developments in genomics but also underscore their profound impact on the future of medicine, making it a relevant and engaging subject for a life sciences seminar.

NOTICE

Date- 14-03-2024

Dear Faculty Members,

We are pleased to announce a Seminar on Webinar exclusively for the faculty on **Research Paper Writing**. This seminar aims to enhance the skills and techniques required for writing high-quality research papers and publishing in reputed journals. The session will cover critical aspects such as structuring your research paper, selecting appropriate journals, and understanding the peer review process.

Details of the Seminar:

- **Topic:** Research Paper Writing
- **Date:** 15-03-2024
- **Time:** 12pm to 1pm
- **Venue:** Seminar Hall
- **Speaker :** Dr. Manoj Kumar Sharma

We look forward to your active participation in this important event.

Best regards,

Principal

Report on SEMINAR ON TECHNIQUES OF RESEARCH PAPER WRITING

Date- 15-03-2024

Organizing Department – Department of Zoology

No. of Participants -38

Resource Person – Dr. Manoj Kumar Sharma

Coordinator Name – Dr. Sunita Bedwal

Event venue – Seminar Hall

Brief report

The seminar on "Techniques of Research Paper Writing" was a comprehensive and informative session designed to enhance participants' research writing skills. The seminar covered essential aspects of research paper composition, including structuring the paper, formulating a clear research question, conducting a thorough literature review, and employing effective methodology. Interactive segments allowed attendees to engage in practical exercises and seek personalized advice, significantly boosting their confidence and competence in writing research papers. Overall, the seminar was well-received, with participants expressing appreciation for the practical insights and resources provided. Recommendations for future events include incorporating more case studies and offering additional follow-up workshops.

Conclusion

The seminar on "Techniques of Research Paper Writing" effectively equipped participants with essential skills and strategies for crafting high-quality research papers. The interactive sessions and expert insights significantly boosted attendees' confidence and writing abilities. Future seminars could benefit from more case studies and follow-up workshops to further enhance the learning experience.

NOTICE

Date- 06-04-2024

Dear Faculty Members,

We are pleased to announce a **Webinar on Sustainability in Commerce: Trends and Opportunities** scheduled to take place on 08-04-2024. The webinar will delve into the emerging trends, challenges, and opportunities in integrating sustainability into business practices across various sectors.

Details of the Webinar:

- **Topic:** Webinar on Sustainability in Commerce: Trends and Opportunities
- **Date:** 08-04-2024
- **Time:** 12pm to 1pm
- **Platform:** Google meet
- **Speaker:** Dr. Ravi Sharma

We look forward to your active participation in this important event.

Best regards,

Principal

Report on webinar on Sustainability in Commerce: Trends and Opportunities

Date- 08-04-2024

Organizing Department – Department of Commerce

No. of Participants -30

Duration – 10 am to 12 pm

Resource Person – Dr. Ravi Sharma

Coordinator Name – Dr. Pyoj Raj Singh

Event venue – Seminar Hall

Brief report

The recent webinar on "Sustainability in Commerce: Trends and Opportunities" provided valuable insights into the evolving landscape of sustainable practices within the commercial sector. The session highlighted emerging trends such as the integration of circular economy principles and the adoption of green technologies that aim to minimize environmental impact. Speakers emphasized the growing importance of sustainability as a competitive advantage, with companies increasingly prioritizing eco-friendly practices to meet consumer demand and regulatory requirements. Opportunities for faculty members were discussed, including the integration of sustainability topics into the curriculum, fostering research on innovative commercial practices, and partnering with industry to provide students with practical, real-world applications. Overall, the webinar underscored the critical role educator's play in preparing students to navigate and lead in a sustainability-focused business environment.

Conclusion

In conclusion, the webinar on "Sustainability in Commerce: Trends and Opportunities" has provided a comprehensive overview of the evolving landscape of sustainable business practices and their implications for higher education. Faculty members are now better equipped to integrate these emerging trends into their curriculum, ensuring that students are prepared to navigate and lead in a rapidly changing commercial environment. The discussions underscored the importance of interdisciplinary approaches and collaboration between academia and industry to drive innovative

NOTICE

Date- 16-05-2024

Dear Faculty Members,

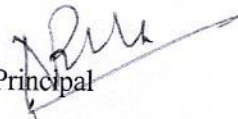

We are pleased to announce a workshop on **Microbial Culture Techniques**, which will be held on 17-05-2024. This workshop is organized as part of our ongoing efforts to foster professional development and knowledge sharing among our faculty. This session aims to enhance our collective knowledge and practical skills in microbial culturing methods, which are vital for both teaching and research activities.

Details of the Seminar:

- **Topic: Microbial Culture Techniques**
- **Date: 17-05-2024**
- **Time: 2pm to 3pm**

We look forward to your active participation in this important event.

Best regards,

Principal

Report of Workshop on Microbial Culture Techniques

Date- 17-05-2024

Organizing Department – Department of Botany

No. of Participants - 20

Resource Person – Dr. Neha Sharma

Coordinator Name – Dr. Anita

Brief report

Workshop on Microbial Culture Techniques provided participants with hands-on experience in cultivating and analyzing microorganisms. It covered essential methods such as streak plating, pour plating, and liquid culture, highlighting their applications in isolating and identifying microbial species. Attendees learned about the preparation of growth media, maintaining sterility, and troubleshooting common issues. Interactive sessions allowed for personalized guidance and problem-solving. Overall, the workshop equipped participants with fundamental skills and knowledge crucial for effective microbial culture practices.

Conclusion

The hands-on exercises and expert guidance enhanced practical skills in techniques such as streak plating and liquid culture, while emphasizing the importance of sterile practices and proper media preparation. Overall, the workshop successfully equipped attendees with the knowledge and practical experience needed to effectively manage microbial cultures and apply these techniques in various scientific and industrial contexts.
